

Silverdale School Student Chromebook Agreement

Initial each of the following:

- _____I will use the Chromebook only as directed by my teacher.
- _____I will not have food or drink near the Chromebooks.
- _____I will return the Chromebook to the correct slot in the cart.
- _____I will carry the Chromebook closed with two hands at all times.
- _____I will only use Chromebooks only on a desk or a table.
- _____I will log off and turn off the Chromebook at the end of the period.
- _____I will not move the Chromebook cart unless directed by a teacher.
- _____I will notify a teacher immediately if someone is using a Chromebook incorrectly.
- _____I will follow the CKSD computer use and internet policy.
- _____I understand that my internet use is monitored.

I agree to follow this agreement and I understand that if I do not follow these guidelines I will not be able to use a Chromebook. Please write legibly.

**WITH PRIVILEGE COMES GREAT
RESPONSIBILITY**

Dear Parents,

We, as a district, are beginning to integrate Chromebooks (laptops) into our schools. Google has great educational applications very similar to the Microsoft products. Teachers are being trained on how to set up a Google Classroom, push work out to students and students can return the work all without printing a hard copy.

Our school was given 5 Chrome Carts to share between the classes. The Chromebooks are thinner and smaller than most laptops. They are also much more fragile than an Ipad.

Typical use of the Chromebooks will not cause damage. Atypical use will cause damage. Dropping the Chromebooks could cause damage as well as stepping on them or shutting the lid with an object like a pencil left inside.

The cost of repair or replacement will be passed on to your family.

We will work hard to teach responsibility and care when your student uses the Chromebooks. Your student will be assigned to a particular Chromebook. Unless we are testing, no more than 3 students (from different classes) will be assigned to any given Chromebook.

Your signature means you acknowledge the possibility of having to pay for the replacement or repair of a Chromebook. Please share with your students the importance of handling the Chromebooks with care!

Thank you for supporting your child's education!
